

MODEL: SP16 HEAT PUMPS

The Sure Comfort® SP16 Heat Pump offers an energy saving, quiet performance.

- **Two-Stage Design for advanced comfort.** The two-stage compressor runs more quietly and efficiently than single-stage systems. It adapts to your home's changing conditions and reduces energy usage and lowers electric bills.
- **Quiet and Efficient Comfort** is what you get with the SP16 Heat Pump - for indoor home comfort you can count on when you need it most.
- **Exceptional Quality and Durability** is what you can expect. The SP16 Heat Pump includes features that help fight corrosion, reduce leaks and enhance the overall strength of your air conditioner, so you can be confident in the way it performs.

MODEL: SP16 HEAT PUMPS

Intelligent and effective two-stage design makes the SP16 as quiet as it is efficient. While single-stage units must run at full capacity all the time, our two-stage system typically runs at just 65% capacity. This results in quieter operation and energy savings, while heating and cooling more gently and evenly. It also reduces humidity more effectively in warm weather.

A quieter, more durable unit starts with our new composite base pan. The design helps eliminate corrosion and adds to quieter performance. Extensive UV testing was done to ensure that the base pan stays black for years to come. Our enhanced mufflers and improved refrigerant tubing design also contribute to a quieter and more durable operation. For added strength, the wire grille on the exterior does an outstanding job protecting the inside.

A visually appealing cabinet design means our air conditioners look as good as they operate. Plus the powder coat paint system provides a lasting professional finish.

- **Cooling Efficiency:**
 - Up to 16 SEER/13 EER
- **Heating Efficiency:**
 - up to 9 HSPF
- **Sound Level:**
 - Features like our smart new composite base pan contribute to quieter operation
- **Available Sizes:**
 - 2, 3, 4 and 5 ton
- **Compressor:**
 - Two-stage scroll compressor
- **Limited Warranty:***
 - Conditional parts - 10 years
